Brightspeed Fiber Internet Launches New High-Speed Option for Residents and Businesses in Mansfield, Ohio

*New Brightspeed Fiber Internet subscribers in Mansfield can receive up to \$20 streaming credit each month for up to 12 months**

CHARLOTTE, N.C. — January 16, 2025 — Brightspeed, a national leader in ultra-fast fiber broadband, announced today that its new, high-speed fiber internet network is now ready for service in Mansfield. Providing multi-gig internet speeds, Brightspeed's network now reaches more than 15,000 locations, with home and business installations available immediately.

This exciting milestone marks a huge step forward for the Mansfield community offering a superior internet experience built for today's high-demand, multi-device world. And the best part? More high-speed fiber broadband access is coming—by the end of the build, more than 26,000 locations in the area will be connected.

Empowering Mansfield with More Than Just Speed

Brightspeed's new fiber internet network features cutting-edge XGS-PON technology, delivering multi-gig speeds, low latency and reliability.

This robust connectivity will allow families and business owners to:

- Work and learn from home: Jump into video calls, download big files, and use their favorite apps.
- Stream and game: Dive into high-quality entertainment, immersive gaming, and super smooth video streaming.
- Stay connected with loved ones: Enjoy crystal-clear video calls and keep in touch with friends and family. It makes far off family and friends seem like they are right next door.
- Access important online services: Easily tap into telehealth, educational platforms, and other vital services with confidence.

Plus, Brightspeed ensures a smooth, hassle-free installation, backed by easy-to-understand billing and simple plans that make getting connected stress-free: no annual contracts, equipment costs, bundle requirements, data caps, or surprise fees.

Fast, reliable internet isn't just about convenience—it's about creating opportunities. Brightspeed's expansion in Mansfield helps close the rural-urban digital divide, enabling residents and businesses to connect to the digital economy like never before.

Check Exclusive Offers* + Availability

New customers subscribing to 2Gbps service will receive \$20 Brightspeed Streaming Credits each month for 12 months and new customers subscribing to 1Gbps service will receive \$20 Brightspeed Streaming Credits each month for six months.*

Customers can activate the streaming credits through MyBundle, the premier online platform connecting consumers, streaming services and broadband providers with tools to simplify streaming television, available to all Brightspeed Fiber Internet customers.

Eligible new Brightspeed Fiber Internet customers will receive an email once their internet service is installed with instructions on how to create a MyBundle account and activate and use their monthly \$20 streaming credits. After the

customer activates the promotion, the \$20 Streaming Credit will automatically be deposited into their MyBundle account each month. Credits do not roll over from month to month.

Customers will have many different service options to choose from and decide what's right for their family. Residents and businesses in Mansfield can check if Brightspeed Fiber is available in their area by visiting www.brightspeed.com/brightspeed-fiber-internet and signing up for alerts.

As part of a broader, multi-billion-dollar investment, Brightspeed is rapidly expanding its fiber-optic network to reach more than 4 million homes and businesses across 20 states. Additionally, the company is actively pursuing state and federal funding, including BEAD program funding, to accelerate fiber deployment in Ohio and beyond, ensuring communities like Mansfield stay ahead in today's digital age.
